SECURITY

All Forté doors come as standard with our impressive multipoint locking system which protects against break-ins. It features patented technology that works to provide a perfect seal and reduces heat loss.

EXTREME LOCKING UPGRADE

Our Extreme instant auto-engage locking system can be fitted as an upgrade. Rollers housed within the lock guide the extra-secure 20mm locking bolts into place and form the perfect seal, even if the door isn't fully closed. The result, impenetrable security and keeps your door firmly in place to prevent movement and warping.
